

MUNGO & MAUD

FOR

Mulberry

Mulberry is delighted to introduce the third capsule collection created by the luxury Dog & Cat Outfitters, Mungo & Maud

The Misfits, a Mungo & Maud for Mulberry collection introduces a range of luxury collars, leads and clothing which focuses on three personalities: The Graduate, The Ruralist and The Urbanite.

The Graduate features a collegiate-striped turtle neck cashmere pullover in rich shades of blue and green - for the dog who prefers an intellectual approach to fashion.

For the outdoorsy dog who favours parks and pastures to pavement, The Ruralist features a checked merino wool pullover in muted earth tones.

The signature piece of the Urbanite collection is a bright Scarlet techno-quilted coat with suede accents and zip detailing - for the dog who wants to stand out from the crowd.

All three ranges have coordinating lead and collar sets in leather and webbing to complement the ready-to-wear.

Nicola Sacher, Creative Director of Mungo & Maud:

"It was a huge compliment to have been invited to design a collection for Mulberry. I have long since admired Johnny Coca's designs and this timeless British brand who shows such an affection for dogs. The Misfit collection explores the unique personalities of those creatures who we so adore".

As part of the Mungo & Maud for Mulberry partnership, a portion of proceeds from the collection will go towards supporting the Wild at Heart Foundation: an organisation that funds animal welfare projects all over the world, in particular, rescue and rehoming.

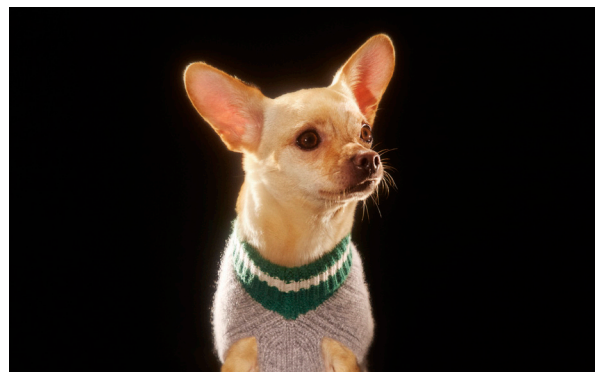

Nikki Tibbles, Co-Founder of the Wild at Heart Foundation: "We're incredibly honoured to be partnering on the Mungo & Maud for Mulberry collaboration. The collection is stunning, and we're especially delighted that some of our previously adopted dogs were chosen to model them! Thank you to all those that treat their pet to a collar, lead or coat - for helping us to sustain our essential work around the world. It's thanks to your support that we can continue to help those dogs who need it the most".
